

# Eurocel

Traditional Herbal Liver Support

(Hypoallergenic)

Item # 74030  
180 Capsules

## Description

Eurocel combines traditional Korean and Chinese herbal extracts to create a dietary supplement that supports liver health.\* Eurocel reflects many years of research and study of these herbs and their potential health benefits for liver support.\*

Eurocel has been found to be non-toxic even at levels well beyond the typical dosage for humans. No side effects or drug or nutrient interactions were found with Eurocel. However, it is strongly suggested individuals taking Eurocel not consume alcohol.

**Patrinia** (*Patrinia villosa*) has traditionally been used for vitalizing the blood congealed by heat as well as clearing toxic heat.\*

Patrinia has been shown to support the body in its regeneration of liver cells.\* **Yin-Chen Wormwood** (*Artemisia capillaries*) has been used traditionally for clearing damp heat from the liver and gallbladder channels.\* Artemisia has been shown to be supportive to the body in the regeneration of liver cells, and supportive of liver function.\* Artemisia may also promote the flow of bile.\* **Schisandra** (*Schizandra fructus*) has been used traditionally to support the liver, kidneys, heart and lungs.\* Schizandra has been shown to support blood pressure within normal levels, healthy circulation, and to have a calming effect.\*
