

Taurox

Nanotech Nutrients®

(Homeopathic)

Item #75250, Taurox High Potency, 90 Pellets
Item #75090, Taurox 6X, 13.5 ml Liquid

The Possible Benefits of the Taurox Nanotech Nutrients®, homeopathic remedies

- May promote effective response of the immune system*
- Modulation of immune response may result in decreased fatigue*

Description

Taurox High Potency Pellets and Taurox 6X Liquid are homeopathic preparations for immune optimization.* The homeopathic indication for their use is persistent fatigue present for one month or more.* They appear to modulate the immune system (stimulating an underactive immune system and calming an overactive one), resulting in more effective immune response and decreased fatigue.* The major active ingredient in both formulas is Taurox, also called carbobenzoxy- β -alanyl taurine, Tauroxicum, or COBAT.

Taurox is clinically tested and non-toxic. Initial clinical trials have shown that over 90% of patients with moderate to severe fatigue experienced a reduction in fatigue after taking Taurox, for 3-6 weeks or longer.* The effect may continue to increase with time.* Some people report more vivid dreams and a deepening of sleep along with reduced fatigue.* Some people report immediate benefit, while some find the benefit builds up gradually.* The mechanism of action in reducing fatigue appears to be the modulation of cytokines.* Increased energy that may result from balancing cytokine levels is not due to stimulation. These homeopathic remedies do not contain caffeine or ephedra.

Taurox High Potency Pellets contain trillions

of therapeutic molecules per dose, in three homeopathic potencies. It contains more molecules per dose and has a stronger action than Taurox 6X Liquid, although the formulas have the same basic action. (This is the opposite of classical homeopathic theory, where the more dilute a substance, the stronger its action.) Taurox 6X has 2000 units of Taurox per dose, whereas Taurox High Potency has 10,000 units. Users of Taurox 6X who do not get sufficient results may want to try Taurox High Potency.* Taurox 6X also contains six homeopathic ingredients to enhance broad achievement of the desired response, whereas Taurox High Potency is pure Taurox.*

Tauroxicum (Cobat, Taurox) is prepared by pure organic chemical synthesis and classical homeopathic methods, using no pesticides or toxic metals, according to procedures of the Homœopathic Pharmacopœia of the United States (HPUS). Tauroxicum has been evaluated and recognized by an independent panel of homeopathic experts as a homeopathic remedy according to FDA Compliance Policy Guide 7132.15. Taurox and most other homeopathic products and claims have not been evaluated by the FDA. The use of Taurox is covered by U.S. and foreign patents plus additional pending patents.

Taurox High Potency Pellets Nanotech Nutrients®, #75250

Active ingredients: Tauroxicum (Homeopathic COBAT) 3X (26%), 6X (37%), and 9X (37%)

Other ingredients: Sucrose (80%), Lactose (20%).

Suggested Use: Adults and children over 15 years of age: Completely dissolve 3 pellets under the tongue each morning, or as directed by a healthcare professional. You might get the full benefit from a smaller dose. Pellets can be taken all at the same time or throughout the day, preferably at least 6 hours prior to bedtime. Leave the pellets in your mouth for 30 seconds before swallowing. Do not eat or drink 15 minutes before or after taking the product.

Taurox 6X Liquid Nanotech Nutrients®, #75090

Active ingredients: *Abies nigra* 6X (14%), 12X (1%), 30X (1%)
Aloe socotrina 6X (14%), 12X (1%), 30X (1%)
Arnica montana 6X (14%), 12X (1%), 30X (1%)
Cactus grandiflora 6X (14%), 12X (1%), 30X (1%)
Lycopodium clavatum 6X (14%), 12X (1%), 30X (1%)
Tauroxicum (Homeopathic COBAT) 6X (14%), 12X (1%), 30X (1%)
Calcarea carbonica 8X (14%), 12X (1%), 30X (1%)

Other ingredients: 20% ethanol, purified water.

Suggested Use: Briefly shake bottle before using. Adults and children over 15 years of age: Place 12 drops under the tongue daily, or as directed by a healthcare practitioner. You might get the full benefit from a smaller dose. Drops can be taken all at the same time or throughout the day, preferably at least 6 hours prior to bedtime. Leave the drops in your mouth for 30 seconds before swallowing. Do not eat or drink 15 minutes before or after taking the product.

Warnings: Keep out of reach of children, and do not use in children under 15 years of age. Do not use if pregnant or nursing. Do not take with immunosuppressive agents. The effects will be inhibited by steroids or other prescription immunosuppressive agents. Do not take if you have had an organ transplant. It may worsen autoimmune disease. Obtain professional consultation before taking if you have an immune disease. Do not use in eyes or ears. Not intended for use as a substitute for sleep. Do not use as a substitute for treatments prescribed by your physician, or to treat any life threatening illness. Follow the instructions concerning dose reduction if you have any new symptoms or increase in symptoms, or stop using this product and contact your doctor. Do not use if tamper evident seal is broken or missing.

Dose Adjustment: Some report increased sensitivity in sites of old injuries. Some report a cleansing or Herxheimer reaction associated with various reversible, and generally mild symptoms, such as headaches, joint aches and unusual feelings in the chest. If you notice this, contact your physician and skip 2 days and restart with one pellet or drop every other day. Increase periodically but not so fast as to cause symptoms. Stay at a comfortable level. The presence of initial symptoms may indicate it is appropriate for you and will be very helpful once the right dose is found.
